It is shooter's responsibility to make sure that their classification and handicap yardage is correct and that they have complied with the target requirements.

Shooters are required to have all target averages up to date on their ATA average cards. It is the responsibility of each shooter to know the rules.

Please do not expect a classification person to compute average.

Known Ability

Known ability will be used to assign shooters to a higher class or yardage than their average indicated if so warranted. The shooter's record in both registered and non-registered shoots will be used as a basis for determining "known ability." Scores that are abnormally low in relation to the shooter's other scores will be disregarded at the discretion of the classification committee.

Trophies and Shoot offs

All ties for trophies shall be shoot off in competition consisting of 25 targets for singles and handicap, and ten pairs of doubles. HOA and HAA shall be shot off in competition of 10 singles, ten handicap and five pair of doubles. Any contestant leaving the grounds prior to the commencement of shoot offs forfeits the rights to the trophies. Please pick up your trophy after the shoot. North End cannot be responsible for trophies not picked up. **A minimum of three contestants must enter for a trophy to be awarded in a category.**

High Overall and High All Around

The winners of these two events where applicable are computer generated. It is not necessary for a shooter to enter these events. If a shooter is in the running for one of these events, that shooter should remain on the Club grounds until the events are official.

Trap Setting

Traps are adjusted every day and after doubles events. Club management reserves the right to adjust the traps whenever deemed necessary. Shooters are NOT permitted to change the traps at any time.

Shooters Responsibility

All options are final after they are posted. It is the shooter's responsibility to verify accuracy of their score. No score shall be changed once the options have been posted, except for ATA record keeping.

Please report on time for your squad. Do not hold up the shoot. If someone is late, that shooter will be re-squadded.

If a shooter wins or ties in an event, it is that shooter's responsibility to have their class or yardage changed.

Category awards-it is the responsibility of each shooter to inform classification of any category eligibility.

Estate Planning Coordinators

My Friends My Family,

As our family continues growing and prospering here in New Tripoli, we are once again challenged with the loss of some of our greatest.

Before they were called home, they were selfless and motivated for anyone and everything for the greater good. We can all remember some lesson or words of wisdom they passed down to us, or maybe just the random "thanks" or "good job" that made it all worthwhile. It was all priceless moments that came from the heart. They personified and instilled core values in our family:

Heart

Pride

Courage

Commitment

Toughness

Talent

Guts

Determination

Professionalism

If there is one thing I have been reminded of in this horrific year, it is that we, our family, remain reluctant and strong from their guidance and example. I will miss them, we will miss them.

As we mourn and reflect, please keep their families a little deeper in our thoughts and prayers.

-El Presidente
